Investment Banking Program - Advanced

2020

Certified Investment Banking Professional (CIBP)- Advanced course

CIBP certification will help you in enhancing your knowledge about working of and services provided by investment banks in the financial market.

The certification will provide you with an insight in end-to-end financial market operations.

Get certified! Stay ahead of the competition!

The two days advanced program on CIBP is extensively focused on role of Investment Banking. The course covers securities market operations, trade lifecycle, applicable regulations and contract with investment banks.

The CIBP-A program emphasizes on active participation from delegates.

On completion of the CIBP programs, you will have understanding of:

- Brief introduction to treasury
- Secondary Market Operations
- National Market System and Regulations
- Trading centers
- Trade Lifecycle
- Regulations and regulatory reporting
- Applicable accounting standards / GAAPs
- Derivatives trading mechanisms

Evaluation test will be conducted by MVLCO at the end of the program and passing certificate would be provided.

All our training programs are also available in-house. To arrange an in-house program please contact us on:

+91-9764835350
or email on:
info@mvlco.com

Certification training is available in
(a) **live classroom** mode
(b) **live virtual classroom** mode
(c) **recorded classroom** mode.
